2018 Exmoor Beauty riders' event manual

Introduction - Welcome to the Exmoor Beauty Cycle Challenge. 'The Beauty' is well known for being a challenging yet spectacularly scenic sportive bike ride. We try to keep the hills down and the scenery up. It's difficult to keep the hills down in Devon and Somerset though - it's certainly not all about the hills. There is the magnificent backdrop of the stunningly beautiful Exmoor National Park which rises high above the surrounding river valleys and leafy lanes – and the lanes should be budding with bright green chlorophyll with an April slot on the calendar. We have a well stocked feedstation at exactly halfway at Exford to keep you fuelled with a selection of food options and drinks.

As already mentioned, it's difficult to create a bike ride around the Exmoor National Park without including some very challenging hills calling upon all your climbing and descending skills. Medibike, The Bike Shop Tiverton and other expert support crews are at the HQ and out on the route but thankfully rarely needed. Good luck to all those who take part.

Please study this manual thoroughly so that you are able to fully understand your responsibilities as a rider and participate in a safe manner. Studying this manual will also help your day to run as smoothly as possible so that you can focus fully on the matter in hand.

On behalf of all the organising team have a safe and enjoyable ride and a very big **Good Luck!**

Geoff Saxon, Organiser

Timetable:

Event HQ is Tiverton High School, Bolham Road, Tiverton, Devon EX16 6SQ

Saturday 14th April 2018

2pm Registration opens

5pm Registration closes

Sunday 15th April 2018

6:30am Site open for parking. Toilets accessible

7am Registration opens.

Caterers serving breakfast

8am Riders can start from this time, any time up to 9:00am. (**we will exercise some flexibility where we can but be mindful of the fact our crew will begin de-arowing the route soon after the last riders have started!**)

9:00am Registration closes

9:15am Starting closes. Riders can not officially start after this time.

11:30am First riders might be finishing.

4pm Finish line closes

Organiser phones active Sat pm and all day Sunday

PLEASE ENTER THE ABOVE NUMBERS INTO YOUR MOBILE PHONE NOW

Like any long bike ride on Exmoor, Exmoor Beauty is a challenge and we hope riders have taken the personal responsibility to train and prepare adequately for this cycle challenge. **Our event plan and support is geared up to accommodate a minimum overall average cycling speed of 11 miles per hour. Riders are respectfully reminded not to call support if you are simply tired and feel you cannot continue.** Please take shelter in a pub or café on the route and phone a friend or relative to collect you in such circumstances. Otherwise this might deprive support resources needed at a more serious instance. 11 mph is quite achievable if you have undertaken sufficient cycle training in the months leading up to the event.

If you require assistance or you have called for support please keep off the public highway to the left if possible. Support crew will need to know your number, location and colour of the clothing you are wearing. We also have motorcycle support riders patrolling the route and you can wave these down to ask for assistance if required as well.

Navigation:

The following will help you navigate the correct route safely:

- 1) We use large yellow correx signs with black arrows to direct you along the route. Be mindful of the fact that sometimes these can be tampered with or even be removed or occasionally even blown away.
- 2) At our website, exmoorbeauty.org, on the [routes and downloads page](#) you can download the GPX file for the route. The GPX file can then be loaded onto your bike GPS or smartphone as a reliable and accurate way to navigate. Consult your GPS vendor if you are not sure how to load the file.
- 3) Please obey any of our clearly identifiable marshals. However, on the public highway our marshals will only indicate direction of the route. They **will not confirm** it is safe or unsafe to proceed nor will they direct traffic.
- 4) We place numerous Event Advance Notification signs on/near the route to advise general traffic entering the route.
- 5) In certain locations where it is assessed that there is a risk, we place code of practice 'Cycle Event Warning' signs. These may be on or off the route and warn general traffic that there is a cycle event taking place.
- 6) We place additional signage to advise you to slow down where we think this is appropriate. These signs say 'SLOW' and if you see one slow down in a controlled manner.
- 7) There is additional signage to advise the approach of a Feedstation.
- 8) At the website, exmoorbeauty.org, on the [routes and downloads](#) page you can browse our interactive maps (googlemaps) to give yourself thorough familiarity of the route. This can also be printed.

It is your responsibility to navigate the route and we always advise carrying an independent means to enable you to do this such as a good old-fashioned map.

What to take on your ride

Compulsory:

Helmet. Helmet timing chip affixed to left side of helmet, the right way up and not over any helmet logos or previous timing chips. Handlebar number. The support card from your rider pack. Any special food or medication you require. Even if marked 'nut-free' we cannot guarantee manufacturers don't use nuts in their processes.

Essential:

Food – flapjack, Jaffa cakes, Soreen, fig-rolls, banana are all ideal examples. Money – cash. Drink – allow for up to a bottle per hour. Mobile phone – fully charged. Event contact numbers – in your registration pack. Multi-tool, pump and puncture outfit, inner tubes – a puncture is the most common mechanical fault

Advisable:

Gillet or rain cape. Gloves. Safety lights. Sun glasses. Multi-function headwear such as a Buff.

Registration, riding and safety

Arrival

Upon entering the HQ complex you will be met by parking stewards. Please follow their instructions and directions so that we can accommodate as many vehicles as possible. **In the very unlikely event of site parking being full there is ample additional streetside parking nearby. Be aware that parking in stores such as Morrisons is metered.** As you enter you will pass the sports hall on the left about 100 metres in from the main road entrance. At this point you will also see the start gantry. Our registration point is in the sports hall but please park as directed before coming over to register. On Sunday morning there are also additional event toilets adjacent to the sports hall. Refreshments and light breakfast will be available first thing from our catering operators. Tea, coffee, sausage bap etc.

Registration

You can register at the event HQ on the afternoon of Saturday 14th April 2018 from 2pm until 5pm. You can also register on the Sunday morning of Sunday 15th April from 7am until 9:00am. Registration means sign to declare you are here to take part, agree the terms and conditions and collect your rider pack. **You must do this in person.**

At registration you can amend your details such as mobile phone number for your finish line SMS or add/amend your notes for our commentator - people at the finish would love to hear about you and your Exmoor Beauty as you approach the line.

You can purchase the official Exmoor Beauty cycling jersey on Saturday or Sunday before or after the ride. **We are now able to securely take card payments at the event.**

2018 Exmoor Beauty riders' event manual

We recommend Saturday registration if possible. That way you can go straight to the start area in the morning if you wish as we expect a queue to register on Sunday.

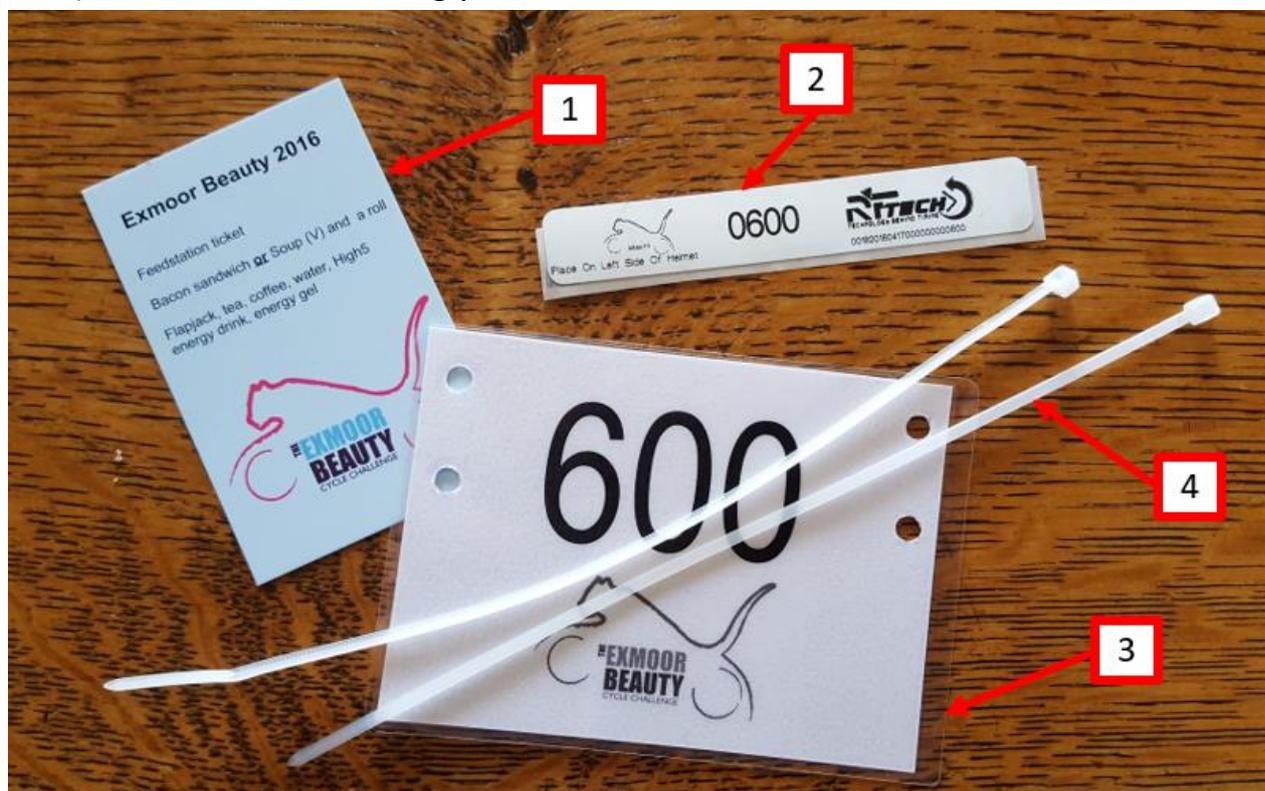

Starting

You can start at any time between 8am and 9:00am. When you are ready to start make your way to the start area, near the gantry, and a marshal will direct you into the starting grid. We will safety brief all riders in groups of 30 or so before releasing you onto the route. Remember to fit your bike number to your bike and your timing chip on the left side of your helmet. Some of the other pre ride checks you should consider are making sure you are carrying food, drink, mobile phone, our contact numbers, tools, puncture repair outfit, spare/additional clothing such as a rain cape. Safety lights are also recommended. **It doesn't matter how nice the weather is in Tiverton at 8am – it could be very different upon Exmoor later!!!**

Rider Pack – It is a condition of participation that you use all the items in your rider pack in accordance with these instructions

At signing on we will issue your rider pack to you. The contents are as follows:

- 1) Feedstation and support ticket – present this at feedstation in exchange for food, drink and use of the facilities. Our feedstations carry energy food - both 'real' and 'sport' food along with isotonic and access to drinking water. Please ensure you set off from the start with some food in your pockets and keep topped up. **Our feedstations are intended to supplement your own feed strategy for an endurance ride and not be the only source of nutrition.** Retain your feedstation and support ticket to exchange for post-ride food and hot drink
- 2) **Your** timing chip. Peel off backing and stick to left side of your helmet
- 3) Handlebar number. Affix so that it is visible and you are identifiable from the front
- 4) 2 cable ties for affixing your handlebar number

Actual picture is from another event but items are similar

Your UHF timing chip

For a very modest-looking paper sticker, your UHF timing chip is a clever piece of electronics with built in antenna. For your timing chip to work and it is essential that:

- 1) It is affixed to the left side of your helmet**
- 2) All other chips are removed**
- 3) It is not stuck over a metallic reflector, flash or helmet logo**

It won't work if you stick it on a bottle, your bike, your skin/clothing or put it in your pocket. No personal information is held on the timing chip but it is personal to you.

During the ride - caution

The route is hilly!!! There are steep hills and cattle grids on the route. **If you are in any doubt at all about how to negotiate a cattle grid WE STRONGLY RECOMMEND YOU DISMOUNT AND USE THE SIDE ACCESS** to the right or left rather than attempt to ride over the grid. The consequences of falling off on a cattle grid can be very serious.

Other challenges on the routes include sharp descents with increasing blind bends. Some descents get steeper at the bottom with a 'HALT' to a T-junction. There may be slippery mud, loose gravel or water-filled pot-holes on the route.

PLEASE RIDE WITH COURTESY AND RESPECT FOR OTHERS:

- 1) The routes use open public roads and you must ride lawfully and in accordance with the Highway Code at all times. It is **not** a race and you must not try to ride as if you are in one.
- 2) There are traffic lights on the routes. Please stop at red lights.
- 3) Don't drop litter. There are bins at Feedstation and HQ
- 4) Don't shout or use bad language in conversation as you ride.
- 5) Never ride more than 2 abreast and single out where appropriate to let other road users pass
- 6) Slow down for horses
- 7) Warn other riders around you of hazards they may not be able to see – potholes, cars behind, cars in front etc.
- 8) Don't brake or change direction without consideration and warning to the riders or other traffic around you
- 9) Please support fellow cyclists if you see they have a problem

Good stuff

Finish times:

Rider times and status will be live at myraceresults.co.uk from Saturday 14th April. That means all the names of pre-entered participants will be listed – with a status of 'not-started' - obviously. Rider times run on the day – that means the moment a rider starts it will say so and specify the time you started. The same is true for the finish – the moment a rider returns the finish time is there to see at myraceresults. Let your friends and family know so they can observe your status from home or via a smartphone.

Finish line:

It could be the last thing on your mind but please don't wander off to your car immediately after you finish. Give your feedstation and support ticket to the **Cornish Pasty Company** and enjoy a tasty hot pasty and hot drink on us.

Enjoy the day!
